“ I will always remember our deer hunting trip up into the beautiful mountains of West Virginia, with most of the Wellman men. Bill was full of energy then and talked my ear off. His stories and life experiences were so entertaining. Lord only know how many people he helped during his life's journey.

On one of our family visits to West Virginia, he took me fishing down the road toward his dad's house in Twelve Pole creek. Can't remember why I was up on this great big rock and fishing, while he was still at the truck, but I hooked a big one and hollered at him to bring a net. Well, he didn't have a net and quickly drove back to the house. We netted that fish, a 9# 42" Musky, and I think Bill was as excited as I was.

Would have loved to have spent more time with him and his family, but having our own family seems to tie us down, I suppose, more than it should.

Bill and the Wellman's are in our prayers and may God bless and keep them all.

“ Janet,myself and son Stephen deeply regret Bills passing. He was a good friend, an honest man and a good neighbor. We'll so miss him and his 4 legged buddy going up and the lane. He always waved, smiled and often stopped to say hi and maybe share a story. We won't ever forget Bill.
