“ I am sad to hear of Bobby's passing. You're family was always so close which I envied as a young girl. You are in my thoughts and prayers.

“ Although I had not seen Bobby since our days at Guyan Valley High School, I remember his smiling face. I am sure Bobby will be missed by his family members and his former classmates.

“ I was a niece of Uncle Bob and he showed all his nieces and nephews what it was to be a friend to someone. He always made each one feel like we were his favorite. Long talks and him spending quality time with his family is what I will miss the most and his smile! He would flash his smile and it always brightened our day! We loved him so much. And I have the best family in the world..... Each and everyone! I sometimes forget this until we need each other to lean on during our time of loss.
