“ Chris you will be missed in many different ways. I will never forget how concerned and the messages sent during my ordeal. The talks we had over phone during any type of hours of the night I'm still shocked and thinking It was a week or so ago when in town and we said, we see each other again the next time you came back into town. But just goes to show people never know when GOD calls them home. Love Ya Chris!

“ Christopher had become a very good friend of mine over the last couple of years. He was there for me through the lows of life and the best times of life. I will never forget his confident and assertive personality, but most of all I will remember his intelligence and caring heart. My thoughts are with his family and Chad. Rest in peace Christopher, but I know you will be following this election closely. All my love
