“ So sorry to hear of the loss of Larry! My brother, John Hampton thought highly of him and his other classmates. John's work kept him away for most of our lives, but everytime I saw him, he talked about Larry and different guys and gals, who were close to him. Now, they may be together in Heaven, running those streets of gold and singing praises to the Lord....John could certainly do that. Rest in peace Larry, you meant a lot to many others! God bless you
