“ My love and prayers go out to Marcia Ann, Mike, Cozette and ALL of your families. I loved your mother so much. When my mother died, Aunt Pauline(is what I called her), just stepped up to the plate and talked with me many times about mother daughter issues. She made me feel so loved. She was the only one that could tell me stories about my mom and dad. She was my mothers best friend. I will miss her so much. May God give each and everyone of you peace and comfort.
