“ Mom, I will always have fond memories of you, the times we spent together, and the sacrifices you made for me and grandma to make sure we had a roof over our heads and food on the table. You will be sorely missed but I am glad that you are no longer in pain and suffering. You spent your whole life doing and worrying about those you loved, and your own needs and desires often came second. You are responsible for me being the type of person I turned out to be. For that, I will always be grateful. I am sure that God reserved a special place in heaven for you. May you now rest in His Peace.
Your loving son, Michael

“ I will always have fond memories of my time spent with my beautiful Aunt. To me she was always regal and always put together perfectly. I remember going to Grand View in her big old car, watching her put on her make up, the little Avon lipstick sample tubes she would give me and the Chef Boy ar dee pizza kit she always had when I came to visit. She is loved very much and will be missed dearly. I am so sorry for her Son's and his family's loss. Also my heart goes out to her Sisters who I know love her as do their families. I thank my lucky stars that she was part of my life.
